

Residential Energy Audit-Weatherization Incentives

This offer is for a limited time only, subject to availability of funding.

Please attach the original receipts or invoices, along with the page from your energy audit that recommends insulation, air sealing or a programmable thermostat. Air sealing or insulation must be recommended in a home energy audit and installed by a BPI certified contractor to qualify for an incentive. Programmable thermostats will only qualify if recommended in the home energy audit.

Customer's Name:
