(1) For households at 100 percent of Federal Poverty Guidelines (FPG) with more than 8 members add \$4,720 for each additional member. The amount of the household's LIHWAP award is determined by the household's Federal Poverty Level (FPL) and fuel type. The FPG were published on January 18, 2022, by the U.S. Department of Health and Human Services.

(2) Households are income eligible for LIHWAP when the household's gross income is equal to or less than 60% State Median Income (SMI) for their household size. These Income Guidelines are based upon State Median Income calculations, distributed by HHS on June 2021, and calculation methodology as described in 45 CFR 96.85. This is for mandatory as of October 1, 2022. Guidelines may be restricted based on available funding.
