

Dear Customer:

As hurricane season approaches, Pascoag Electric is updating its "Priority List". This list contains customers who are **dependent upon electricity to power life support equipment**. We update this list annually.

If you have special requirements that are life threatening, please have your licensed physician fill out the applicable information and return to the District at the address listed above. Although you will be given a high priority designation, Pascoag Electric can not guarantee the continuance of electricity in an emergency situation, nor can the District guarantee that your service will be the first restored after an outage.

If you are dependent upon electricity to power life support equipment, please incorporate back up generation in your family's plan. In the event you do not have back up generation, please plan to evacuate your family to a community shelter that can provide you with electricity.

Last month, the District sent all its residential customers an "Emergency Checklist". This list provides a basis for your emergency plan. If you did not receive a copy of the checklist, please call our office and we will send you one.

In the case of a prolonged outage, you can get status updates the following ways:

- Call our office at 401-568-6222 and select Option 2.
- Visit our outage map at <https://pud-ri.org/outages-safety/outage-map>
- Login to your SmartHub account online or on the app.
- Follow us on Twitter at <https://twitter.com/pascoagutility> or on Facebook at <https://www.facebook.com/PascoagUtilityDistrict>

Please consider joining the RI Special Needs Emergency Registry also, by registering online at <https://kidsnet.health.ri.gov/emregistry/form.html>

If you have any questions, please call the District office at (401) 568-6222.

Sincerely,  
Pascoag Utility District Staff

**\*Please have your licensed physician fill out the applicable information below.**
